Crops Throughout the Union.

A synopsis of the April report of the Department of Agriculture upon the area and condition of winter grain shows an increase of nearly half a million acres, or 2 per cent. The estimated area of the previous crop was 24,346,000 acres. The States showing the increase are: Michigan, 3 per cent.; Indiana, 6; Ohio, 1; Kentucky, 15; West Virginia, 2; Virginia, 3; North Carolina, 10; Georgia, 12; Florida, 11; Alabama, 33; Mississippi, 54; Louisiana, 5; Texas, 72; Arkansas, 70; Tennessee, 17. The average increase in the cotton States of 26 per cent. amounts to about 800,000 acres. In the Northern Atlantic States, from Connecticut to Virginia, the increase is 403,000 acres, which is about 50,000 acres less than in 1881. In the Western States, from West Virginia to Kansas, there is an average decrease of 2 per cent, the decrease being 1 per cent. in Illinois, 2 in Missouri, and 11 in Kansas. The estimated acreage in eight of the winter wheat States is 16,725,000. In California, partial returns point to an increase of 10 per cent. The Pacific Coast is not included in the list of strictly winter States. The condition of winter wheat is high throughout the West, Ohio alone reporting below 100. Those below the average are: Connecticut, 82; New York, 87; New Jersey, 95; Pennsylvania, 95; Ohio, 97; Delaware averages 10 points above 100; Maryland, 9; Virginia, 4; North Carolina, 13; South Carolina, 17; Georgia, 19; Alabama, 12; Mississippi, 14; Louisiana, 15; Texas, 9; Arkansas, 12; Tennessee, 8; West Virginia, 6; Kentucky, 12; Michigan, 8; Indiana, 5; Illinois, 2; Missouri, 10; Kansas, 10.

Winter rye shows an increase of area, except in Connecticut, Pennsylvania, Delaware, West Virginia, Kentucky, Ohio, Indiana and Missouri. The increase is relatively the largest in the South. The full report, when printed, will show the time of sowing, the proportion of drilled and of sown broadcast, the details of injury by the Hessian fly, which are comparatively slight, and other information illustrating the condition of crops.

It will be seen that the Knights Templar have an eye to the success of the Triennial Conclave of the United States which meets in San Francisco next year. At the recent Encampment of the Order in San Francisco they chose Governor Perkins to be Deputy Grand Commander for the ensuing year, which term will expire in April, 1883. Then it is the intention to elect him Grand Commander, and thus he will be chief of the California portion of the Order during the Triennial Conclave, and will act as principal host to the thousands of strangers who will assemble there. The Governor's name and personal influence and energy will go far towards making the National Encampment a success.

We are glad to learn from the Sacramento Record-Union that just now Sacramento is enjoying a high state of prosperity, both present and prospective. Real estate is advancing, capital is being attracted, population is increasing, and in every respect there is a healthy growth and a permanent prosperity. Her municipal affairs are honestly and economically administered, and the city debt is not proportionately as large as many of the most populous and prosperous cities of the East.

Referring to the trial of ex-County Clerk Job, of Humboldt, the Virginia Chronicle heads its item with "Afflicted with the party weakness." The Chronicle could have found a case at home in its own party, and if that was not enough, Washoe would have gladly complied with a request for a full account of the embezzlements of its late Democratic Assessor.

Jay Gould accompanied by his wife and daughter, left New York on Friday night for a trip to California and through the Southwest. Gould said to his friends that he did not know how long he should be absent, but he expects to visit San Francisco, Laredo and possibly the City of Mexico.

It is expected that through railroad communication between San Francisco and Galveston and New Orleans, via the Southern Pacific Railroad, will be finished within three months.

The cottage President Arthur has engaged at Long Branch has forty rooms in it. That's a cottage with a "L" to it.

THE TRIENNIAL CONCLAVE.

Circular Issued to Knights Templar by California Grand Commandery—Arrangements for the Conclave—Hotel Accommodations in the City and at Oakland—Proposed Fêtes and Excursions for the Benefit of the Visiting Knights.

The Knights Templar have begun in earnest to prepare for the Triennial Conclave of the Grand Encampment of Knights Templar, which will be held in San Francisco next year. The circular adopted by the Grand Commandery at its late session, and of which the subjoined is the text, has been richly printed in red, black and gold, and will be sent to Valiant Knights Templar all over the country. It reads thus:

OFFICE OF THE TRIENNIAL COMMITTEE, CALIFORNIA GRAND COMMANDERY, (No. 6 Post street.)

SAN FRANCISCO, April, 1882. To the M. E. Grand Master, Officers and Members of the Grand Encampment of Knights Templar, and all Valiant Knights throughout the United States, greeting:—In reply to numerous letters of inquiry from all parts of the Union, relative to arrangements for the Triennial Conclave of the Grand Encampment, the Triennial Committee has ordered this circular to be prepared that all may be informed, as far as it is possible at this early date, of the plans and designs of the committee.

The Grand Commandery of California, at its annual convocation in April 1881, took the initiative by creating a triennial committee, consisting of all the Grand Officers (ex-officio), together with seven others, chosen from different portions of the State—the Grand Commander being (ex-officio) Chairman—by this means placing the entire management of the affair directly under the control of the Grand Commandery itself, with a Chairman clothed with authority to carry out the preparations for the convocation, and the programme agreed upon, in all its details, with promptness and certainty.

The committee soon after met and organized, and, in addition to holding monthly meetings, have sub-committees engaged in gathering information and laying out the work required to insure as great a measure of success as possible.

The first and, perhaps, the most important subject of inquiry to those at great distances is relative to the probable rates of transportation and hotel fares during their sojourn in San Francisco.

As yet it is too soon to state precisely what these will be; but enough is known to render it probable that the price of tickets from any given point to San Francisco and return will not exceed the ordinary rate for a single passage over the road; in other words, "one fare for the round trip." There are now three through railroad routes between San Francisco and the East, and it is understood that arrangements can be made for tickets to come and return by either, or to come by one and return by another. It is also quite certain that before August, 1883, other connections will be made and in full running order, and that our visitors will be privileged to come and return by any route they may select.

Should all fix upon the same time for starting, so as to arrive here on the eve of the grand convocation, it is believed that the railroad companies would be taxed beyond their carrying capacity, and for this reason it will be desirable for visitors (especially those who desire to remain in California longer than the few days actually covered by the convocation), to come earlier, and at different dates. For this purpose, tickets will be issued covering a period of three months for the round trip, dating from July 15th, and extending into October.

In the matter of hotel accommodations and charges, which latter, for moderation, will compare favorably with those of any eastern city, visitors may be assured that, if Commanderies and Sir Knights will leave these matters in our hands, and engage their quarters only through the Committee, they will neither be overcharged nor be subjected to excessive charges. All, therefore, who desire to engage accommodations, should communicate directly with the committee. There is no city of its size better provided with hotels than San Francisco, among which is the Palace, the largest and finest equipped house in the world, and containing over 750 sleeping rooms, besides parlors, dining rooms, bath rooms, five large elevators, and every improvement and comfort that experience, study and money could suggest and secure. The Grand, Baldwin, Lock, Occidental and Russ, all first-class hotels, have combined, 1,750 sleeping rooms. The Tabbs' Hotel, the Galindo, and others in Oakland (a half hour's trip from the city), have 800 more. In addition to all these, we have first-class lodging and boarding houses, many of them equal in capacity to an ordinary hotel, scattered throughout the city, and private houses with "latch strings hanging out" everywhere. All rooms will be thoroughly and systematically canvassed by the committee, prices contracted for, and so systematized that no one who applies for quarters through the committee will "go away dissatisfied."

Recognizing the great need of, and the strong desire for more careful and thorough legislation than has been possible during recent convocations of the Grand Encampment, it is the wish and design of the committee so to arrange the matters of entertainment for the visiting Sir Knights, that they shall not interfere with the business of the Grand Body. With this object in view, and if approved by the Grand Master, the grand parade and review will take place on Monday, August 20th, the day before that fixed for the opening of the grand convocation. This will enable the officers and members of the Grand Encampment to assemble on the opening day, at a convenient hour, and, under escort of the officers and members of the Grand Commandery of California, proceed at once to the Grand Asylum, and to business.

A grand opening promenade concert and ball will be given on Tuesday evening, August 21, in the Mechanics' Industrial Exposition Building, free to all Templars and their ladies.

The competitive prize drill will be arranged for Saturday, August 20, thus leaving Tuesday, Wednesday, Thursday and Friday for uninterrupted legislation. On those days, however, for the benefit of visitors, special trains at excursion rates, will be run to all available points, thus affording the Sir Knights an opportunity to witness some of California's finest scenery—as the Geysers, the Mammoth Groves of Calaveras and Mariposa, and even the far-famed Yosemite Valley itself, as well as the cities of Sacramento, Stockton, San Jose, Monterey and Santa Cruz; the beautiful valleys of Sonoma, Napa, Santa Clara, the great redwood forests and other points of interest. Steamboat excursions will also be made around our magnificent bay and harbor to Newark, Hunters' Point and Dry Dock, Benicia, Vallejo, Fort Point and the Farallone Islands. In order that these may not interfere with business, and keeping this consideration constantly in view, these excursions will be continued throughout the following week for the especial benefit of the officers and members of the Grand Encampment, who will be escorted as guests of the Grand Commandery of California, to all the various points of interest.

Other means will be employed to make the sojourn of our visitors and guests every way enjoyable, and which will be more particularly mentioned hereafter. Entertaining the hope that the Triennial Conclave of 1883 may prove to be, in every respect, the most profitable to the Order, and especially in the matter of much-needed legislation, particularly upon most important matters "so long and so often" postponed. The Triennial Committee sends cordial and fraternal greetings to all our valiant

That Proposed Peace Congress.

The proposed Peace Congress of American nations is not expected to assemble in November next, in accordance with Blaine's invitation, and yet, as the invitation has not been withdrawn, correspondence continues on the subject. The only States which favorably considered the proposition were Mexico, Guatemala, Salvador, Honduras, Venezuela and Hayti. Mexico at first hesitated, but has recently reconsidered the subject, and her Minister is now authorized conditionally to accept the invitation of the United States. Her difficulties with Honduras and her interests in the Panama and Nicaraguan Canal and other Isthmian transit schemes, make her unwilling to leave the Central American States to cultivate sympathy from Washington at her expense, which might be the case if by her absence she antagonized the Congress. None of the States of South America have accepted the invitation, and the State Department does not expect them to without a renewed invitation.

Brewster Fond of Formality.

Attorney-General Brewster continues to excite Washington with his aristocratic pretensions and spectacular demonstration of what he thinks contributes to his official dignity. Not content with being the most prominent member of the Cabinet, and starting almost everywhere in Washington with his grotesque absurdities and assumptions of form and state that one used to find in the little electorates in Germany, he has adopted the English plan of signing documents. In a communication to the Senate on the subject of the Fox river improvement he signed his name the other day "Brewster, Attorney-General." Hitherto his official signature has been "Benjamin Harrison Brewster;" now it is simply "Brewster." This is the first communication that has ever been sent to Congress signed in this way, and as a natural consequence it has attracted a good deal of attention.

Crops Throughout the Union.

A synopsis of the April report of the Department of Agriculture upon the area and condition of winter grains shows an increase of nearly half a million acres, or 2 per cent. The estimated area of the previous crop was 24,346,000 acres. The States showing the increase are: Michigan, 3 per cent.; Indiana, 6, Ohio, 1; Kentucky, 15; West Virginia, 2; Virginia, 3; North Carolina, 10; Georgia, 12; Florida, 11; Alabama, 33; Mississippi, 54; Louisiana, 5; Texas, 72; Arkansas, 70; Tennessee, 17. The average increase in the cotton States of 25 per cent. amounts to about 800,000 acres. In the Northern Atlantic States, from Connecticut to Virginia, the increase is 403,000 acres, which is about 50,000 acres less than in 1881. In the Western States, from West Virginia to Kansas, there is an average decrease of 2 per cent. the decrease being 1 per cent. in Illinois, 2 in Missouri, and 11 in Kansas. The estimated acreage in eight of the winter wheat States is 16,728,000. In California, partial returns point to an increase of 10 per cent. The Pacific Coast is not included in the list of strictly winter States. The condition of winter wheat is high throughout the West. Ohio alone reports below 100. Those below the average are: Connecticut, 82; New York, 87; New Jersey, 95; Pennsylvania, 95; Ohio, 97. Delaware averages 10 points above 100; Maryland, 9; Virginia, 4; North Carolina, 13; South Carolina, 17; Georgia, 10; Alabama, 12; Mississippi, 14; Louisiana, 15; Texas, 9; Arkansas, 12; Tennessee, 8; West Virginia, 6; Kentucky, 12; Michigan, 8; Indiana, 5; Illinois, 2; Missouri, 10; Kansas, 10.

Winter rye shows an increase of area, except in Connecticut, Pennsylvania, Delaware, West Virginia, Kentucky, Ohio, Indiana and Missouri. The increase is relatively the largest in the South. The fall report, when printed, will show the time of sowing, the proportion of drilled and of sown broadcast, the details of injury by the Hessian fly, which are comparatively slight, and other information illustrating the condition of crops.

It will be seen that the Knights Templar have an eye to the success of the Triennial Conclave of the United States which meets in San Francisco next year. At the recent Encampment of the Order in San Francisco they chose Governor Perkins to be Deputy Grand Commander for the ensuing year, which term will expire in April, 1883. Then it is the intention to elect him Grand Commander, and thus he will be chief of the California portion of the Order during the Triennial Conclave, and will act as principal host to the thousands of strangers who will assemble there. The Governor's name and personal influence and energy will go far towards making the National Encampment a success.

We are glad to learn from the Sacramento Record-Union that just now Sacramento is enjoying a high state of prosperity, both present and prospective. Real estate is advancing, capital is being attracted, population is increasing, and in every respect there is a healthy growth and a permanent prosperity. Her municipal affairs are honestly and economically administered, and the city debt is not proportionately as large as many of the most populous and prosperous cities of the East.

Referring to the trial of ex-County Clerk Job, of Humboldt, the Virginia Chronicle heads its item with "Afflicted with the party weakness." THE TRIENNIAL CONCLAVE.

Circular Issued to Knights Templar by California Grand Commandery—Arrangements for the Coming Conclave—Hotel Accommodations in The City and at Oakland—Proposed Fetes and Excursions for the Benefit of the Visiting Knights.

The Knights Templar have begun in earnest to prepare for the Triennial Conclave of the Grand Encampment of Knights Templar, which will be held in San Francisco next year. The circular adopted by the Grand Commandery at its late session, and of which the subjoined is the text, has been richly printed in red, black and gold, and will be sent to Valiant Knights Templar all over the country. It reads thus:

OFFICE OF THE TRIENNIAL COMMITTEE, CALIFORNIA GRAND COMMANDERY, (No. 6 Post street,) SAN FRANCISCO, April, 1882.

To the M. E. Grand Master, Officers and Members of the Grand Encampment of Knights Templar, and all Valiant Knights throughout the United States, greeting:—In reply to numerous letters of inquiry from all parts of the Union, relative to arrangements for the Triennial Conclave of the Grand Encampment, the Triennial Committee has ordered this circular to be prepared that all may be informed, as far as it is possible at this early date, of the plans and designs of the committee.

The Grand Commandery of California, at its annual convocation in April 1881, took the initiative by creating a triennial committee, consisting of all the Grand Officers (ex-officio), together with seven others, chosen from different portions of the State—the Grand Commander being (ex-officio) Chairman—by this means placing the entire management of the affair directly under the control of the Grand Commandery itself, with a Chairman clothed with authority to carry out the preparations for the convocation, and the programme agreed upon, in all its details, with promptness and certainty.

The committee soon after met and organized, and, in addition to holding monthly meetings, have sub-committees engaged in gathering information and laying out the work required to insure as great a measure of success as possible.

The first and, perhaps, the most important subject of inquiry to those at great distances is relative to the probable rates of transportation and hotel fares during their sojourn in San Francisco.

As yet it is too soon to state precisely what these will be; but enough is known to render it probable that the price of tickets from any given point to San Francisco and return will not exceed the ordinary rate for a single passage over the road; in other words, "one fare for the round trip." There are now three through railroad routes between San Francisco and the East, and it is understood that arrangements can be made for tickets to come and return by either, or to come by one and return by another. It is also quite certain that before August, 1883, other connections will be made and in full running order, and that our visitors will be privileged to come and return by any route they may select.

Should all fix upon the same time for starting, so as to arrive here on the eve of the grand convocation, it is believed that the railroad companies would be taxed beyond their carrying capacity, and for this reason it will be desirable for visitors (especially those who desire to remain in California longer than the few days actually covered by the convocation), to come earlier, and at different dates. For this purpose, tickets will be issued covering a period of three months for the round trip, dating from July 15th, and extending into October.

In the matter of hotel accommodations and charges, which latter, for moderation, will compare favorably with those of any eastern city, visitors may be assured that, if Commanderies and Sir Knights will leave these matters in our hands, and engage their quarters only through the Committee, they will neither be overcrowded nor be subjected to excessive charges. All, therefore, who desire to engage accommodations, should communicate directly with the committee. There is no city of its size better provided with hotels than San Francisco, among which is the Palace, the largest and finest equipped house in the world, and containing over 750 sleeping rooms, besides parlors, dining rooms, bath rooms, five large elevators, and every improvement and comfort that experience, study and money could suggest and secure. The Grand, Baldwin, Luck, Occidental and Russ, all first-class hotels, have combined, 1,750 sleeping rooms. "Tabbs" Hotel, the Galindo, and others in Oakland (a half hour's trip from the city), have 800 more. In addition to all these, we have first-class lodging and boarding houses, many of them equal in capacity to an ordinary hotel, scattered throughout the city, and private houses with "latch strings hanging out" everywhere. All these will be thoroughly and systematically canvassed by the committee, prices contracted for, and so systematized that no one who applies for quarters through the committee will "go away dissatisfied."

Recognizing the great need of, and the strong desire for more careful and thorough legislation that has been possible during recent convocations of the Grand Encampment, it is the wish and design of the committee so to arrange the matters of entertainment for the visiting Sir Knights, that they shall not interfere with the business of the Grand Body. With this object in view, and if approved by the Grand Master, the grand parade and review will take place on Monday, August 20th, the day before that fixed for the opening of the grand convocation. This will enable the officers and members of the Grand Encampment to assemble on the opening day, at a convenient hour, and, under escort of the officers and members of the Grand Commandery of California, proceed at once to the Grand Asylum, and to business.

A grand opening promenade concert and ball will be given on Tuesday evening, August 21, in the Mechanics' Industrial Exposition Building, free to all Templars and their ladies.

The competitive prize drill will be arranged for Saturday, August 20, thus leaving Tuesday, Wednesday, Thursday and Friday for uninterrupted legislation. On those days, however, for the benefit of visitors, special trains at excursion rates, will be run to all available points, thus affording the Sir Knights an opportunity to witness some of California's finest scenery—as the Geysers, the Mammoth Groves of Calaveras and Mariposa, and even the far-famed Yosemite Valley itself, as well as the cities of Sacramento, Stockton, San Jose, Monterey and Santa Cruz; the beautiful valleys of Sonoma, Napa, Santa Clara, the great redwood forests and other points of interest. Steamboat excursions will also be made around our magnificent bay and harbor to Newark, Hunters' Point and Dry Dock, Banica, Vallejo, Fort Point and the Farallone Islands. In order that these may not interfere with business, and keeping this consideration constantly in view, these excursions will be continued throughout the following week for the especial benefit of the officers and members of the Grand Encampment, who will be escorted as guests of the Grand Commandery of California, to all the various points of interest.

Other means will be employed to make the sojourn of our visitors and guests every way enjoyable, and which will be more particularly mentioned hereafter. Entertaining the hope that the Triennial Conclave of 1883 may prove to be, in every respect, the most profitable to the Order, and especially in the matter of much-needed legislation, particularly upon most important matters "so long and so often" postponed. The Triennial Committee sends cordial and fraternal greetings to all our valiant

That Proposed Peace Congress.

The proposed Peace Congress of American nations is not expected to assemble in November next, in accordance with Blaine's invitation, and yet, as the invitation has not been withdrawn, correspondence continues on the subject. The only States which favorably considered the proposition were Mexico, Guatemala, Salvador, Honduras, Venezuela and Hayti. Mexico at first hesitated, but has recently reconsidered the subject, and her Minister is now authorized conditionally to accept the invitation of the United States. Her difficulties with Honduras and her interests in the Panama and Nicaraguan Canal and other isthmian transit schemes, make her unwilling to leave the Central American States to cultivate sympathy from Washington at her expense, which might be the case if by her absence she antagonized the Congress. None of the States of South America have accepted the invitation, and the State Department does not expect them to without a renewed invitation.

Brewster Fond of Formality.

Attorney-General Brewster continues to excite Washington with his aristocratic pretensions and spectacular demonstration of what he thinks contributes to his official dignity. Not content with being the most prominent member of the Cabinet, and starting almost everyone in Washington with his grotesque absurdities and assumptions of form and state that one used to find in the little electorates in Germany, he has adopted the English plan of signing documents. In a communication to the Senate on the subject of the Fox river improvement he signed his name the other day "Brewster, Attorney-General." Hitherto his official signature has been "Benjamin Harrison Brewster;" now it is simply "Brewster." This is the first communication that has ever been sent to Congress signed in this way, and as a natural consequence it has attracted a good deal of attention.

AYER'S CATHARTIC PILLS

FOR ALL THE PURPOSES OF A FAMILY
PHYSIC, CURING

Costiveness, Jaundice, Dyspepsia, Indigestion, Diarrhoea, Biliousness, Headache, Rheumatism, Eruptions and Skin Diseases, Blisters, Liver Complaint, Dropsy, Worms, Gout, Neuralgia, as a Dinner Pill, and purifying the blood, are the most congenial purgative ever perfected. Their effects abundantly show how much they excel all other Pills. They are safe and pleasant to take, but powerful in cure. They purge out the foul humors of the blood; they stimulate the sluggish or disordered organs into action; and they impart health and tone to the whole being. They cure not only the every day complaints of everybody, but formidable and dangerous diseases. Most skillful physicians, most eminent clergymen, and our best citizens, send certificates of cures performed, and of great benefits derived from these Pills. They are the safest and best physic for children, because mild as well as effectual. Being sugar coated, they are easy to take; and being purely vegetable, they are entirely harmless.

On examining the urinary deposits aropy sediment will often be found, and sometimes small particles of albumen will appear, the color will be a thin milky hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration to the genital-urinary organs.
